

RELEASE FOR USE OF PERSONAL TABLET PC

I _____ (insert name here) state that I will be using my own tablet PC/computer during clinical and field rotations associated with PERCOMOnline, Inc aka PERCOM EMS Medical Education Consortium courses or with any of its contracted clinical affiliates. I have been informed that PERCOM can supply me with a tablet PC on loan to use with Platinum Planner as assigned. However, I will be using my own and acknowledge that PERCOM will not be sending me one for use.

I understand that my tablet PC/computer must go with me to my rotations and be used during and immediately following the rotations to document my clinical and field experiences and for my preceptors to submit an evaluation of my performance. I agree to only use the established and assigned system for this purpose as instructed to me by Clinical or School Faculty.

I take full responsibility for my own tablet PC/computer and agree to hold harmless PERCOMOnline Inc, PERCOM EMS Medical Education Consortium, its contracted clinical affiliates, or any clinical sites, field sites, other rotation sites preceptors, instructors, etc. for any hardware or software damage, theft, illicit use, loss or any other potential harm caused to or by my device.
